Figure 1 displays a 6x6 grid of 36 circuit diagrams, each representing a different combination of 74HC138 and 74HC139 decoders. The diagrams are arranged in a 6x6 grid, with each diagram showing the internal logic and pin connections for the decoders. The diagrams are labeled with their respective decoder configurations, such as 74HC138, 74HC139, and combinations like 74HC138/74HC139. The diagrams are arranged in a 6x6 grid, with each diagram showing the internal logic and pin connections for the decoders. The diagrams are labeled with their respective decoder configurations, such as 74HC138, 74HC139, and combinations like 74HC138/74HC139.
